

Perimetrical: Source Checker

Starting inside the grid at 11 and continuing round the perimeter is an instruction to create more fake news (4,5,5,8,4,2,4). Asterisked clues have to be modified according to that instruction before entry into the grid. Clues are listed in alphabetical order of the unmodified solutions. All entries are words or phrases; where a phrase is to be entered this is indicated. Put the answers where they'll fit.
